CGPA: 8.3

Indore

2019 - 2022

EXPERIENCE

Edunet-AICTE Internship | Intern AI & Cloud

8 July 2024 - 5 Aug 2024

Completed a 4-week virtual internship with Edunet Foundation in collaboration with AICTE, focusing on leveraging Skills Build and IBM Cloud Platform for emerging technologies in AI and Cloud.

Acquired practical skills in creating and deploying chatbots on cloud platforms.

Gained hands-on experience with IBM Cloud services and tools for AI development and deployment.

Developed a solid understanding of cloud-based solutions and their applications in AI.

SKILLS

Programming Languages: C, Python, JavaScript, Java Core, Html, CSS

Libraries/Frameworks: React, Django, NodeJs, Bootstrap, Tailwind

Tools / Platforms: VS Code, Git, GitHub, Postman, PyCharm, Eclipse, Docker, GitLab, AWS

Databases: MongoDB, MySQL

PROJECTS / OPEN-SOURCE

AI IMAGE GENERATOR | [Link](#)

React, NodeJS, API

Functionality: Generates high-quality images based on user-provided textual descriptions

Features: Seamless integration of front-end and back-end technologies using API.

Deployed on Netlify for easy access and scalability

Demonstrates: Expertise in web development and AI integration

ChatApp | [Link](#)

MERN, WebSocket

A dynamic real-time messaging platform built with the MERN stack (MongoDB, Express, React, Node.js), WebSocket for seamless real-time communication, and styled using Tailwind CSS for a modern and responsive design.

Features:

Real-Time Messaging: Enjoy instant, real-time chat with WebSocket integration.

User Authentication: Secure login and registration with JWT tokens.

Responsive Design: A sleek and adaptive interface powered by Tailwind CSS.

CERTIFICATIONS

- MERN Stack - Crush IT Techno Training and Placements.
- Java Script - simplilearn.
- Python - Infosys Spring Board.
- IBM Cloud - IBM Academics.
- Web Development - Infosys Spring Board.
